

StopStand - anti-slip coatings

These are average values and may vary, depending on volumes and ambient conditions.

Product Group	Product Name	Product Number	Viscosity [mPas]	Max grain size in(μm)	Temperature resistance [up.. /up to..]	Field of application/Function
anti-slip	FL	#2075	liquid [6,500]	2,000	-20°C +80°C	anti-slip floor coating, three-components, third component: granulate
	FLP	#0958	semi-liquid [120,000]	2,000	-20°C +80°C
